COUNCIL DISCUSS ACTIVITIES TAX

McCullough Elected Senior Marshall by Recount—Will Run Song Contest.

DANCE REPORT IS GIVEN

At the Student Council meeting held March 6 at the Law School, it was decided that an open letter be sent to the Hatchet requesting the opinions of the students relative to the levying of a compulsory student activities tax. In the opinion of the Council, this tax will probably not exceed \$5. It will be included in the University bill and will provide each student with subscriptions to all school publications and a season ticket to all athletic events. Medical attention at the University Hospital may also be included. It is the desire of the Council that the students will consider this matter and will express their opinions through the medium of the Hatchet.

In order to avoid another Senior Marshal election, the Council voted to admit the votes of the Dental School and to decide on the marshals elected by this recount. Because of a misunderstanding on the part of the Dental School representatives, the votes from this school came in too late to be considered at the previous counting. The election committee reported the elections of Mr. McCullough of the Dental College, Mr. Lenovitz of the Engineering College, and Mr. Underwood of Columbian College as the Senior Marshals.

Mr. Underwood brought out the need of a "real" school song for the University. Realizing the talent in the student body, the Council has decided that a prize shall be given for the best song written. As yet, the nature of the prize has not been determined. Competitors should start work at once. The songs should be submitted as soon as possible to any member of the Song Committee. The committee is composed of Miss Moran, Miss McCaffery and Mr. Ernest.

Mr. Shapiro, reporting for the social committee, stated that the profit at the Student Council dance which was held on February 18, was \$35.50. This amount is lower than that expected by the Council, and it is hoped that the next dance, to be held at Mrs. Dyer's March 18, will be a greater financial success.

Miss Moran, the secretary of the Council, read a letter from President Collier, in which he urged that the members of the Council co-operate with him in his campaign to make the Chapel services interesting not only to the students, but also to the speakers who are to appear before them.

In the last issue of the Hatchet, the names of the representatives on the Student Council from the Medical and Dental Schools were omitted from the list. Mr. Katzman was elected to represent the Dental School, but at the last three meetings Mr. McCullough, the president of the senior class, has represented this school. Mr. Dazey is the representative of the Medical School.

What has happened to the University Band? Can't somebody start something?

COLUMBIAN WOMEN PLAN INTERESTING PROGRAM

Col. Coleman Will Speak—All Women Students Invited.

The next meeting of the Columbian Women will take place Wednesday evening, March 19, at 8 o'clock at the College Women's Club, 1822 I street. All women students of the University are invited to this meeting.

The hostesses will be Mrs. Howard L. Hodgkins, Mrs. William A. Wilbur, Mrs. William C. Ruediger, Mrs. William C. Borden, Mrs. Merton L. Ferson, and Miss Alice Henning. President Collier will preside and will introduce the speaker, Col. F. W. Coleman of the General Staff of the Army. Colonel Coleman's subject will be "With the United States Forces in the Argonne."

The business meeting will be followed by the program at eight-thirty, after which there will be a social hour.

Elizabeth Humphrey, Irene Daniel, Nona Pollner, Mildred Bennetts, Margaret Prentiss, Carol Walker, Lasalia McCaffery, Agnes Nelson, and Ruth Bennett will assist Miss Nevins with refreshments.

STUDENT COUNCIL DANCE AT DYER'S TOMORROW

Ticket Sale Restricted to Eighty—None to Be Sold at Door.

A Student Council informal dance is scheduled for the eighteenth at Mrs. Dyer's, 1517 R street northwest, at 9 o'clock. Tickets at a dollar and a quarter are selling fast. The sale is restricted to eighty. No one is to be admitted at the door so it is necessary to buy now.

The committee promises music that will set you moving and a good crowd. The proceeds of the dance are to be wholly given over to student activities. The council requests the co-operation of the student body in the furtherance of this social movement.

Those in charge are, Solomon Shapiro, Law School; George Dazey, Medical School; Lasalia McCaffery, Teacher's College. Tickets may be had at the library or from the committee.

CHEMICAL SOCIETY WILL HAVE PINS

The Chemical Society of George Washington University held its regular meeting Wednesday evening March 12 in the Medical Building, 1335 H street northwest.

The society decided upon their pin and each member was requested to make a deposit of \$1. The pin is hexagonal in shape, being outlined by the six links in the benzene chain. At the intersection of each link is a small pearl. Within the chain is a retort, above which are the letters GWU and the letters C. S. below.

G. Hastings, A. J. Mottern and F. W. Reynolds were admitted into the membership of the society.

The date for their annual banquet was set for April 30, but the place has not been decided upon. A committee composed of Miss Marie O'Dea, Miss Margaret Preinkert, Messrs. Weinstein, Spear and Owens was appointed to make arrangements.

G.W. BASKETEERS GAIN VICTORY

Wins Over Maryland State By Score of 53 to 20 in Y. M. C. A. Gym.

GALLAUDET DEFEATS C. U.

The George Washington basketball team easily defeated Maryland State Saturday, March 8, at the Y. M. C. A. Gym by a score of 53 to 20. The Hatchets proved to be much the stronger throughout the entire game, taking the lead at the start and keeping it until the last whistle blew. The first half ended with George Washington leading by a score of 24 to 11.

The playing of Dave Wilson, who is the George Washington center, was the feature of the game. Wilson scored eight baskets from the floor and four or five from fouls, outjumping and outplaying the State's center throughout the game. Witt played a good game, but was injured in the first half and replaced by Hoyt, who also proved fast and capable.

Sutliff got in the game in place of Ladd about the middle of the second half and counted four goals from the floor. Lanson played his usual good game and Underwood also scored eight points.

Gene Underwood was elected as Captain of the team for next year to succeed Witt, the present Captain.

The next game will be played with Gallaudet. Gallaudet took the lead from Catholic University by defeating that team March 8. Should they win the game this coming Saturday they will be the undisputed champions. If they lose, another game will have to be played against C. U. to decide the championship.

The line-up: George W. Position Mid State Ladd, Sutliff, L. F., Gilbert Witt, Hoyt, R. F., Eiseman Wilson, C., Raedy, Knobe Underwood, L. G., Stone Lanson, R. G., Knobe, Darnall

G. W. U. MEDICAL SOCIETY MEETS

The George Washington Medical Society held its monthly meeting at the George Washington Medical School Saturday evening, March 15 at 8 p. m.

Case reports were given by Dr. Simpson on Wassermann Fast Bloods, relation to Spinal Fluids; Dr. White on Mesenteric Tumor and Dr. Bovee on Large Ovarian Cyst with a presentation of the specimen.

Dr. Davis presented moving picture films prepared by himself in conjunction with the Army Medical Museum.

Columbian College Seniors will meet for the election of class officers in the Chapel on Wednesday evening March 19, 1919. The class is late in organizing and the student council which has charge of the election is anxious to have a large representation present. If you are not there you can't claim to have forgotten the date. It is the nineteenth and you are the class of nineteen.

DEPARTMENT BASEBALL MANAGERS APPOINTED

Engineers and Columbians Begin Practice

"In the spring a young man's fancy turns to thoughts of love," or maybe base ball.

Department managers who will have charge of departmental teams have been appointed by Jacob Lenovitz, chairman of the student council committee on athletics, and are as follows: Columbian College, D. M. Stephens; Medical, George Nordlinger; Dental, R. W. McCullough; Engineers, A. G. Karger. The manager for Law has not yet been appointed.

The Engineers began practice last Monday and will practice Mondays, Wednesdays, and Fridays, on the campus but expect soon to have the use of a diamond on the ellipse.

A meeting of the men of the Columbian College was called in an effort to form a Columbian College base ball team. True to traditions many who have dallied with the pill on the diamond turned out displaying much talent.

SPEAKERS FOR DAVIS PRIZE MUST REPORT

Orations Will Be Held Two Weeks After Easter.

Students who wish to enter the Davis Prize speaking competition must report to Dean Wilbur at once, and submit their orations not later than three weeks before the contest which is held on the second Tuesday after the Easter holidays.

These prizes, for which only members of the Senior Class are eligible, are awarded for excellence in elocution. The award is determined in a public contest in which the participants deliver original orations and are judged both for the composition and delivery. The committee of award consists of three members selected by the Faculty of the College with the Dean of Columbian College presiding.

These prizes are derived from the income of a fund founded by the Hon. Isaac Davis of Massachusetts in 1847, and consists of three gold medals, or their equivalent in money, first prize being \$15, second \$10, and third \$5.

LEAGUE OF NATIONS COLUMBIAN SUBJECT

At the last meeting of the Columbian Debating Society, the following question was debated: Resolved, That in any permanent and successful league of nations which may be formed Germany and Austria must necessarily be included.

The affirmative, which was given the unanimous decision, was maintained by Harry Perlin, Charles M. Frey, and Miss Frances E. Parks. The negative was upheld by F. B. Matthias, F. P. McDermott, and Miss H. E. Fullenweider.

For oratory Perlin was given first place and Matthias second. As the debate was extemporaneous, Mr. J. M. Bryant, the temporary critic, complimented the speakers on the show being made.

Next week the debate will be held

GALSWORTHY GETS CROWD

Cites Five Factors Resulting From War—Praises Anglo-American Understanding.

EMINENT PEOPLE PRESENT

John Galsworthy, the noted British author, addressed a large audience at the University Chapel exercises last Monday. The door ways and halls were crowded, as well as the Chapel. Among the distinguished people who accepted President Collier's invitation to hear Mr. Galsworthy were Gen. A. W. Greeley, Dr. Harvey W. Wiley, Miss Mabel Boardman, Dr. David Jayne Hill, former Ambassador to Germany, Mamade Slavko Grouitch, wife of the Serbian Ambassador, Mrs. Larz Anderson, Mrs. Sidney Burleson, Mrs. Champ Clark, Hon. H. B. F. MacFarland, Colonel and Mrs. Archibald Hopkins, Dr. and Mrs. Merrill E. Gates, Judge Martin Knapp.

"The future depends upon the artist, the teacher and the journalist," was one of the most significant statements made by Mr. Galsworthy in speaking of the future of the world. He cited five main factors which were particularly noticeable as results of the war.

The difference between those who had fought and those who had not fought was strongly emphasized. This is felt far more in England than in America. "There are two kinds of Britons today, those who have been in the danger zone and those who have not," said Mr. Galsworthy.

He predicted the rise of true democracy through Government by aristocracy—aristocracy of spirit, not of birth. Only through education can the voter be fitted for his task.

War has done more for the exploitation of the air than many years of peace, according to Mr. Galsworthy. However he does not feel that the advance in air craft is of great benefit to humanity, and feels that man is becoming such a slave to mechanical devices that people will eventually want to "burn in effigy the guy who first rose off the earth."

The League of Nations was characterized as a "great and shining statue," but the "bluntness of imagination and shortness of memory" of the public are responsible for its lack of success in its present form.

The Anglo-American understanding will be of great benefit to the League, for without this alliance it would not "stand the chance of a lost dog." The prejudice which the two nations have always had against each other is being overcome so that they have spoken well of each other, "even in print." If they continue to bear with each other's foibles, there is a chance that "someday the world will be God's own. If they do not, there is absolutely no chance."

on a similar question, involving the entrance of the United States into a League of Nations such as is now proposed. The affirmative will be upheld by Miss Michelson and Mr. Randall, and the negative by Miss Fullenweider and Mr. Frey.

ALL-UNIVERSITY TENNIS TOURNAMENT IN SPRING

Entry Sheets Will Soon Be Posted On Bulletin Boards.

Plans for a tennis tournament were discussed by the Student Council at the last meeting. Sheets will be posted in all departments of the University and every one interested should sign up.

Every member of the student body is eligible. Courts on the speedway are to be used if permission can be obtained. Further details will appear later. Watch the bulletin board.

DEAN HENNING'S ORPHAN HAD MERRY XMAS

Christmas was made a merry one for two little French orphans, Jean and Yvonne Rousseau, in whom Dean Henning has taken such a warm interest and through whose efforts \$50 was raised for the little ones for Christmas. Their mother has written to thank all those who are interested in their welfare.

The French government still maintains the arrangement whereby each child whose father was killed in the war receives 10 cents per day to enable the orphan child to remain at home with its mother, instead of being sent to an institution. Any person can, by sending \$36.50, maintain an orphan for one year. Dean Henning, it will be remembered, raised among the faculty, students and friends the sum of \$146 to maintain these two little orphans for two years during the bitterest time of the war.

PROF. HARRIS RETURNS

Architectural Department Planning Exhibit

Prof. Harris, who has had a leave of absence for a year in order to carry on his work in the Navy Department, has now resumed his classes in heating, ventilating, and sanitation, in the Architectural Department.

The department is planning to hold an exhibition of students work, the last week in March and the first week in April. The exhibition will be held in connection with a joint meeting of the Washington Chapter of the American Institute of Architects and the George Washington Architectural Club. The club is very anxious to have a large number of drawings on exhibition. The chapter has been very generous to the architectural department in their gifts of books and money and it is up to the members of the department to get in their old work and make a good showing.

The Architectural Club held its first meeting this semester on March 6. Mr. William Partridge, formerly of Columbia University, gave an informal talk on the Washington Park Commission.

UNIVERSITY CALENDAR

- Monday, March 17—Chapel Service.
- Tuesday, March 18—Student Council Dance. Girl's Basket Ball Practice.
- Wednesday, March 19—Meeting G. W. U. Players. Meeting Columbian Seniors. Student Council Meeting. Chapel Service. Meeting Columbian Women.
- Thursday, March 20—Girl's Basket Ball Game.
- Friday, March 21—Meeting Columbian Debate. Chapel Service.

ESTABLISHES NEW FUND FOR SCHOLARSHIPS

Sum Deposited by Mrs. Belle Fiske Andrews in Memory of Her Husband.

Mrs. Belle Fiske Andrews has established a scholarship fund in memory of her late husband, Byron Andrews, for needy George Washington University students who wish to continue their work in the liberal arts. The Board of Trustees has accepted the offer of Mrs. Andrews, and the American Security and Trust Company of Washington, D. C., are acting for her in this transaction.

Mrs. Andrews has deposited a sum in the American Security and Trust Company and may add to it from time to time during her life. The whole amount will be used to establish a trust fund at her death. According to the will of Mrs. Andrews this trust fund is for "the creation and maintenance of scholarships for ambitious and needy students, who desire to pursue courses of study in English, Latin, Journalism, History, Literature or Political Science."

The University has agreed that this scholarship shall be perpetually known as and published in the annual catalogue of the University under the name of "Byron Andrews Memorial Scholarship." The University will publish a biographical sketch of Mr. Andrews and give a copy to each person whose education has been paid for out of the scholarship fund.

Mrs. Andrews is now a resident of Oakland, Cal., but her husband was formerly a resident of Washington, D. C.

W. U. C. BABY PARTY USUAL SUCCESS

The Freshman Class gave a baby party for the Women's University Club Friday evening in the assembly Hall. Each month one class is giving a party. Last month the Seniors gave theirs, and the Freshmen are giving theirs this month. The party was given by the Junior party and then by the Sophomores.

During the evening baby games were played and part of the refreshment were licorice whips. The committee on arrangements consisted of Jessie Bigelow, Eunice Crabtree, Helen Markey, and Anita Saunders.

GIRLS DEFEATED BY NATIONAL PARK SEMINARY

The G. W. U. Girls Basket Ball Team played National Park Seminary on Saturday, March 8, at 3 o'clock in the gymnasium of National Park Seminary and was defeated with a score of 40 to 6. The regular lineup:

Forwards, H. Hosford, A. Sanders; center, A. Johnson; side center, M. McGrew; guards, C. Gayle, L. McCaffery made a good showing against the National Park Seminary team which has already proved itself one of the best girls basket ball teams in the city.

On Saturday, March 15, the G. W. U. girls basket ball team played National Park Seminary in the gymnasium of the Calvary Methodist Church at 4 o'clock. The game was played too late for the score to be sent into the Hatchet. Everyone is urged to come out and support the games.

INTER-FRATERNITY ASSOCIATION

The third meeting of the Inter-Fraternity Association was held at the Kappa Sigma house last Sunday morning.

A committee to draw up rushing rules as suggested by the delegates, was appointed, consisting of Townsend, Cole and Burton. These rules will be presented at the next meeting to be held at the Phi Sigma Kappa house Sunday March 23.

Plans are going forward to hold a big smoker and also a dance in the latter part of April.

WILL ASSIGN PARTS FOR SPRING PLAY

Dramatic Club to Present Moliere's 'Les Femmes Savantes'

Parts in the play to be given this spring will be assigned at the meeting of the Dramatic Club Wednesday, March 19. The play to be presented is Moliere's "Les Femmes Savantes" and contains many different kinds of characters which will give the players an opportunity to display their varied talents.

The cast contains the part of Chrysale, a good-natured and pleasure loving father; his wife, Philamete, a dictatorial woman and intellectual to the point of ridiculousness; their two daughters, Armande and Henriette, the former having all the snobbery of her mother without any sense, and the latter a sensible, clever and lovable girl; Ariste, brother of Chrysale, a sensible, level-headed man; Belise, a maiden aunt with a deep aversion to men; Clitandre, lover of Henriette and a likable fellow; Trissotin, Ladies' man and a writer of verse, and several servants.

The meeting last Wednesday was postponed on account of the rain and it is to be hoped that a greater number of students than ever will attend this meeting and try for a part in the cast.

SUCH IS FAME

The George Washington University Hatchet is so well known that the mere mention of Hatchet on a letter brings that letter to its office. Checks for \$1.50 for bound editions of Hatchet have been received by the editor of The George Washington University Hatchet.

Confusion has arisen over the similarity of the names of the Hatchet, published by The George Washington University and the Hatchet, published on the United States Steamship "George Washington" during President Wilson's transatlantic voyages.

ENGINEER SOCIETY HOLDS MONTHLY MEETING

The Engineering Society held its regular monthly meeting Monday, March 10, 1919. C. L. Cottrell gave the society a very interesting talk on "Vacuum Tubes," especially in their connection with the development of wireless telephony. Mr. Cottrell was testing these tubes for the Signal Corps, and gave an account of the uses to which they have been put, the theories on which the construction is based, and the materials best suited for the different parts of the tube.

S. M. Martin spoke on the subject of "Heat Measurement." His talk was illustrated with lantern slides and with instruments used in measuring temperatures. One of his slides showed that, according to the scientists reasoning, there is a difference of temperature of only about 200 degrees between heaven and the lower regions. The last speaker of the evening was R. Harsch, who told of a new method that the Government is using in testing roads. This talk by Mr. Harsch is probably the first lecture to be given before any engineering society on this new method.

All engineering students are urged to get in touch with the society and attend its meetings. The membership of the society has not been very large this year. At the last meeting every member present was a subscriber to the Hatchet; about \$25 worth of basket ball tickets were sold through the society and it is now busy selling Student Council dance tickets.

Prof. C. L. Honaman announced that final arrangements are being made for a trip to the Benning Power Plant on March 24. The party is limited to a dozen men and students desiring to go are urged to see either Mr. Honaman or W. C. Scott immediately.

A vote of thanks was given the members of the Sphinx Honor Society who served the best supper of the year.

MADAME GROUITCH SPEAKS IN CHAPEL

Madame Slavko Grouitch spoke in Chapel on Wednesday of the value of preparedness and of the natural ability of Americans for doing the right thing at the right time.

Madame Grouitch characterized woman's first duty as a willingness to sacrifice. In addition to this she must be fitted and prepared to undertake whatever may present itself. "Next to the holy and noble work of the physician comes that of the teacher, who trains minds in preparedness for the future," said Madame Grouitch.

Madame Grouitch is an American woman, and she says it is to her, American birthright that she owes the ability which enabled her to think quickly at the beginning of the war, when she assembled a company of doctors and nurses to take with her to her suffering country.

Helen Hotchkiss has been in town for a few days from Pittsburg, Pa.

SIGMA ALPHA EPSILON

The Washington City Rho Chapter of the Sigma Alpha Epsilon fraternity held its annual Founder's Day banquet last Saturday night at Wardman Park Inn. About 70 members were present, including several distinguished brothers in public life in Washington. The dinner was followed with speeches by many of the prominent men who were present.

Mr. R. E. Read, L. L. M., '16, of the George Washington University, made the opening speech of welcome.

Hon. Pat Harrison, the newly elected Senator from Mississippi, was the toastmaster of the occasion and made a very interesting speech on the League of Nations. Closing his address he introduced Commissioner Daniel C. Roper of the Internal Revenue.

The Toastmaster next introduced Assistant Attorney General S. J. Graham, who made a clever speech, ringing applause several times.

Mr. Noel T. Dowling, editor of "Record" of Sigma Alpha Epsilon and member of the Supreme Council,

Students desiring to work an hour or more a day can make wages of more than a \$1.00 per hour selling America's War for Humanity and the Life of Roosevelt. Send at once for free outfit, F. B. Dickerson & Co., Detroit, Mich., enclosing 20c in stamp for mailing outfits.

was the next speaker. He told of the work of the men of the fraternity who had gone in the service of their country during the war.

Judge Chas. B. Howry, who is an old Confederate veteran, told some interesting history of the fraternity, dating back to the time of its founding in 1856.

Senator Key Pittman, who is an enthusiastic member of Sigma Alpha Epsilon, having been a delegate several times of his chapter, was next called upon by Toastmaster Harrison to make an address. Senator Pittman who is a very able speaker held the close attention of all and brought forth applause and laughter several times by his well known wit.

Mr. Neyle Colquitt was the last speaker of the evening but he held the close attention of everybody until the end.

The occasion was closed by a silent toast to President Wilson.

PHI MU

Beta Alpha Chapter of Phi Mu announces the initiation of Marion Hadden, Helen Pabst, Helen Mankey and Theresa Brique Smith.

Evelyn Jones is spending the week in New York.

SIGMA KAPPA

Sigma Kappa announces the pledging of Lillian Smith.

Sigma Kappa entertained at an informal supper Monday night, March 12. Prof. and Mrs. De Witt Croissant, Mrs. George Harsh, Mr. Herbert Ramsey, Mr. Arthur Starr, Mr. Gus Karger, Mr. George Bowman, Mr. Ray Harsh and Mr. Louis Trundell, Miss Katherine Brazzol and Miss Orleee Dix have returned from a

weeks visit in Syracuse, N. Y. While there they were entertained at the Sigma Kappa House.

Mrs. George Harsh entertained ten of the Sigma Kappa girls at dinner on Sunday, March 9.

THETA DELTA CHI

Lieut. John E. Larson, Coast Artillery, has returned from France, and is recuperating in the Marine Hospital, N. Y., from an operation for appendicitis.

SIGMA PHI EPSILON

The following pledges were initiated on March 15, 1919: Casper L. Cottrell, Columbian College; Joseph Lanigan, Engineering College; Clair V. Johnson, Engineering College; Arthur Gebhart, Columbian College.

The annual installation banquet of the chapter will be held on March 17, 1919, at the Hotel Lafayette. Many of the alumni brothers are expecting to be present.

The District of Columbia Alpha of Sigma Phi Epsilon is deeply grieved over the recent death of the wife of Bro. Frank Hammack of this chapter.

Bro. Hunnicutt of Virginia Zeta Chapter visited the house on his recent return home from France. Bro. Lee Stumm and Schmitt were present at the Rough House Initiation held on March 8.

DELTA TAU DELTA

Gamma Eta Chapter announces the pledging of Jack Schroers, C. C. 1923. Bros. Sloan and Brown sojourned to Baltimore last Saturday.

A very delightful dance was held at the house Friday night. The crowd was in fine spirits (no the spirits weren't in them) and the singing during intermission made it seem like old times again.

Bill Sloan's folks will be going back to Nebraska soon and he expects to move into the house.

Bro. Vic Camil is one of the star salesmen with the Harper-Overland people now. He "does" somebody with one of their twin two's about every week.
